

Christian Web Resources started as **Christian XOOPS Resources** in 2007 to provide a place where Christian XOOPS users, developers, designers and professional service providers could join together and share information and resources. Our goal is to educate, enable, equip, empower and encourage others to be an online presence for Jesus Christ and to be a place where we can grow in faith and continue his work online.

Â

In 2008, Christian XOOPS Resources became **Christian Web Resources**, recognizing the mission is independent of the platform. All the information here will be relevant to users of either CMS (XOOPS or ImpressCMS) - our mission is still to educate, equip, empower, encourage and enable Christian web masters.

Â

Christian Web Resources is managed by a group of unpaid servants (volunteers) that came together from the XOOPS community. This merry band of volunteers may or may not be involved in the XOOPS Project or XOOPS Foundation. Our role here is that of community members and fellow Christians. In no way should **Christian Web Resources** be viewed as an Official XOOPS or ImpressCMS Project site - this is a site that was built by the community, for the community and the purpose of sharing the good news of Jesus Christ.
